Invitation

SEMINAR: INSPIRE YOURSELF

The First Maltese Initiative to address the Implications of the INSPIRE Directive

INSPIRE, a directive which aims to establish an Infrastructure for Spatial Information in the European Community, is being investigated in a Seminar covering the activities required to implement the Directive.

The INSPIRE Directive refers to a number of spatial data themes; through this directive local authorities and government departments will be required to create metadata and make available data that they have collected or created through network services that will be established.

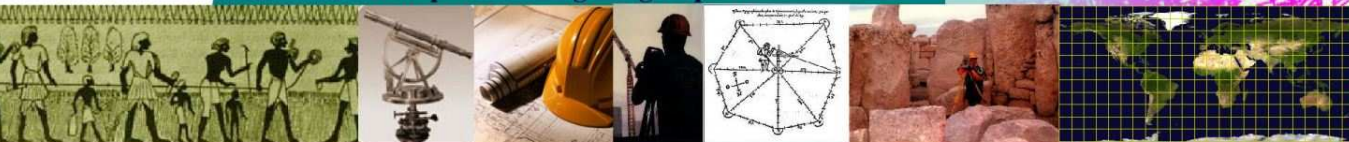

Spatial data themes referred to in the INSPIRE DIRECTIVE:

ANNEX I: Coordinate reference systems, Geographical grid systems, Geographical names, Administrative units, Addresses, Cadastral parcels, Transport networks, Hydrography, Protected sites

ANNEX II: Elevation, Land cover, Orthoimagery, Geology

ANNEX III: Statistical units, Buildings, Soil, Land use, Human health and safety, Utility and governmental services, Environmental monitoring facilities, Production and industrial facilities, Agricultural and aquaculture facilities, Population distribution - demography, Area management/restriction/regulation zones and reporting units, Natural risk zones, Atmospheric conditions, Meteorological geographical features, Oceanographic geographical features, Sea regions, Bio-geographical regions, Habitats and biotopes, Species distribution, Energy resources, Mineral resources

INSPIRE website: <http://www.ec-gis.org/inspire/>
