## RESOLUTIONS

OF THE 19<sup>th</sup> INTERNATIONAL SYMPOSIUM  
“MODERN TECHNOLOGIES, EDUCATION AND PROFESSIONAL  
PRACTICE IN GEODESY AND RELATED FIELDS”  
Sofia, November 05 - 06, 2009

### **RESOLUTION No 1**

#### *Considering:*

- Continuous and progressive development of the technologies and their impact on education and professional practice in the field of geodesy and its related fields;
- The role of geodesy, photogrammetry, cartography, cadastre, GNSS, GIS and standardization for the development of society, urban and rural planning, construction of engineering sites and infrastructure, resolving geodynamic and others interdisciplinary problems,

The Symposium

### **RECOMMENDS:**

The work in this field to be continued, its range being enlarged, and the results to be presented and discussed at national, European and international forums.

## **RESOLUTION No 2**

### ***Taking into account:***

The indisputable use and the necessity of continuous mutual exchange of knowledge and experience between the scientists and professionals of all levels in the field of geodesy, photogrammetry, cadastre and cartography, GNSS, GIS and standardization and their related fields as well as of closer regional collaboration, particularly in Europe,

the Symposium

### **RECOMMENDS:**

The next 20<sup>th</sup> traditional International Symposium “MODERN TECHNOLOGIES, EDUCATION AND PROFESSIONAL PRACTICE IN GEODESY AND RELATED FIELDS” to be held in Varna, September 23-24, 2010 in *Fr. Joliot-Curie* International Home of Scientists. The symposium to be held combined with a Session of General Assembly of Council of European Geodetic Surveyors (CLGE) which will be held on September 24-25, 2010.

## **RESOLUTION No 3**

The participants of the Symposium express their gratitude to the Union of Surveyors and Land Managers in Bulgaria, the Scientific Committee, and the Local Organising Committee and the sponsors for the successful and fruitful organization and conducting of the Symposium, the favourable atmosphere and the hospitality created during the Symposium.

Sofia, November 06<sup>th</sup>, 2009
